Yo and pull up loop, then yo again and pull through 2 loops, yo and pull through 2 more loops (2 loops will remain on your hook - do not pull through these 2 loops), repeat these steps over the next 2 Tr posts (4 loops will be on the hook). Sk the sc from row 1, then continue these steps for the next 3 Tr from the previous row. 7 loops will remain on your hook (see pic below), yo and pull through all 7 loops - 1 FpTr 6 Tog made.
